🎓 EDUCATION

2016-2018: Electronics & Computer Engineering
Amal Hadera College
graduated with high honors

2022-2024: B.Sc. In Computer Science
Bar-Ilan University
- **GPA**: 87
- **Tech**: C, C++, C#, Java, JS, Python, Assembly, SQL, Linux, Git, React, Express, Node.js & MongoDB
📁 PROJECTS

Web-Chat
Developed a highly responsive chat platform for both Web and Android platforms. The application is built with React.js and Java respectively. Clients communicate through a backend server powered by Express.js, which leverages the use of: Web Sockets, Firebase Cloud Messaging, and a MongoDB database - for seamless messaging functionality with notifications.

Vector Classifier
Collaborated on a C++ project involving vector classification using the KNN algorithm and a multi-threading server-client connection

Arkanoid-Game
Developed a Java game that adheres to the principles of object-oriented programming
